Keeping the "green" in Greensboro is an important mission of City Beautiful and Greensboro Beautiful. Other community landscaping and streetscapes projects provide volunteer opportunities for our citizens throughout the year. Environmental Programs

Environmental awareness and education is shared with our community through a variety of ways, including the Clean Campus program for the Guilford County Schools and the Great American Cleanup in April. In addition, the Big Sweep Waterway Litter Cleanup is held in September as citizens join Greensboro Beautiful volunteers to clean up litter from our community's lakes, creeks and streams. Environmental education programs are also provided throughout the year at the Greensboro Arboretum Education Building, located at 401 Ashland Drive.
